Export Animal Products to Australia

Last Modified:

Animal Product Export Requirements

- Select a Country - ▼

[Go](#)

Manufacturer's Certificates or Declarations

To request endorsement of export certificates for Australia that require a Manufacturer's Certificate (or Declaration) to be included as part of the endorsed certificate, manufacturers/exporters must provide the documentation to the VS Area Office with an original signature. The color of the ink used for the signature must not be the same color as the text of the document. Electronic signatures are not acceptable. The VS Area Office will keep the original on file and copy the Manufacturer's Certificate onto security paper.

The Manufacturer's Certificate (or Declaration) may be submitted on company letterhead stationery. This will meet Australia's requirement for the manufacturer's official seal or trademark to appear on the document.

Commodity Specific Information

Culture Media

- [Health certificate for culture media - bovine or porcine origin](#) (212.17 KB) - September 2023

Need Help Exporting Animal Products?

If you have any questions or concerns about the procedures and requirements for exporting animal products, or to obtain a zoosanitary certificate for an animal product, contact the APHIS Veterinary Services office covering the area from which the product will be exported, the area in which your office is located, or the area in which the product is manufactured.

Certificate Endorsement or Export Questions

For animal product export certificate endorsement or questions, select your State or Territory to email the appropriate office and include "Animal products: endorsement or question" plus your State or Territory's name in the subject line. **Note:** *Offices may serve multiple States and Territories.*
