National Animal Health Monitoring System (NAHMS) Studies

Last Modified:

This page offers quick access to National Animal Health Monitoring System (NAHMS) studies and related materials.

Use the search box to filter data by title, study year, category, or document type. Combine search words to filter the list further. For example, enter "goat" or "swine antimicrobial" (no quotes). Re-sort the table by selecting a column name.

If you need any help finding NAHMS documents, email us at nahms@usda.gov.
