# Export Live Animals to Colombia

Last Modified:

## Electronic Signature and Digital Endorsement ACCEPTED

**For Accredited Veterinarians:** Electronic signature ACCEPTED

**For APHIS VMO:** Digital endorsement ACCEPTED

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for digital endorsement.

**USDA can digitally endorse the health certificate and return it electronically.**

What This Means for You

**Accredited Veterinarians:** Use the links below to access or get help with VEHCS. Learn more about [how to issue export health certificates](#).

**Animal Owners/Shippers:** The endorsed health certificate can be printed out directly from VEHCS and does **not** have to be mailed back to you. The printed, endorsed health certificate must accompany the animal(s) during shipment or

travel.

Live Animal Export Country Requirements  [View Requirements](#)

## Summary of Requirements

Colombia requires that all animal shipments, except pet dogs and cats, be accompanied by an import permit issued in advance by Instituto Colombiano Agropecuario (ICA).

### **Colombia will reject animal shipments without import permits.**

**Note:** Colombia requires prior approval of U.S. facilities or farms by ICA before the importation of animals and germplasm is permitted into Colombia (with the exception of pet dogs and cats). In each section below are the required forms/questionnaires (also known as "Guidance Documents") that are to be completed by a USDA-accredited veterinarian and sent to the Colombian importer, who then submits the forms to ICA for approval prior to export.

### **Equine**

**Note:** Effective immediately, Colombia will not accept mares transported in the last third of pregnancy.

**Note:** Effective immediately, due to the presence of contagious equine metritis (CEM) in the State of Arizona, Colombia is suspending the importation of horses from that State. APHIS will not endorse health certificates for horse exported from Arizona.

- [Wild Dogs - Protocol](#) (213.88 KB) - August 2020
- [Zoo Bovinae - Health Certificate](#) (231.14 KB) -November 2022
  - **Note:** Effective February 16, 2024, USDA cannot provide endorsement of the above certificate's Certification Statement 1 regarding U.S. freedom from Theileriosis without a waiver to this statement issued by the competent animal health authority of Colombia.
- [Zoo Mammals - Health Certificate](#) - March 2023

## Taking a Pet to Another Country?

### [Visit Pet Travel](#)

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.

## Need Help?

### USDA-Accredited Veterinarians

Contact a USDA-accredited veterinarian for questions about your destination country's entry requirements for animals (including any needed vaccinations, tests, or treatments); issuance of health certificates; and status updates on certificate endorsement

### [Find a USDA-Accredited Veterinarian](#)

Live Animal Industry Team

APHIS Veterinary Services' Industry Team offers commodity-specific expertise for live animal exports. Use the dropdown to contact us with questions about endorsing export health certificates.

## Tips for Exporters and Accredited Veterinarians

### Endorsement Services

- **No in-person or drop-off services.**
- For fastest processing, have your [accredited veterinarian](#) **submit certificates through [VEHCS](#).**
- Routine APHIS VEHCS processing services are staffed Monday through Friday from 7:00 a.m. to 4:30 p.m. Central Time (CT), excluding Federal holidays. The time listed in VEHCS reflects GMT.
- Paper certificates are discouraged but may be mailed to one of our two paper endorsement offices (see addresses below).

### Status Updates

Endorsement offices **cannot confirm delivery or provide status updates.** For updates:

- Contact your [accredited veterinarian](#) (they can check VEHCS status).

- Use your **mail tracking number**.

## **Important Tips**

- Ensure accuracy and submit documents as early as possible within the allowed timeline of the destination country to avoid delays.
- Use **overnight or Saturday delivery** when mailing.
