## Orange Banner Country

**For Accredited Veterinarians:** Electronic signature ACCEPTED

**For APHIS VMO:** Original ink endorsement REQUIRED

**Save Time and Money With VEHCS!**

[Learn More](#)

**Accredited veterinarians** can submit health certificates for USDA endorsement electronically through VEHCS (Veterinary Export Health Certification System).

However, this country requires **USDA to ink-sign and emboss the health certificate**. This means the final, endorsed health certificate that travels with the animal(s) must be mailed back.

**IMPORTANT: The endorsed health certificate (paper, not electronic) must**

**accompany the shipment.** The endorsed health certificate will be returned by mail (a pre-paid, pre-addressed return label must be provided during certificate submission).

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.
