European Union - Fat - Rendered Animal-Origin Fat for the Production of Biodiesel - Chapter 10(B)

Last Modified:

Chapter 10(B) Health Certificate for Rendered Animal-Origin Fat for the Production of Biodiesel

The EU requires U.S. rendered fat exported on the Chapter 10(B) Health Certificate to be produced using processing parameters not in use in the United States. Therefore, U.S. rendered fat **may not be exported** to the EU for the production of biodiesel.
