Name and Address of Facility of Origin:	
Name and Address of Destination Facility:	

Certification Statements:

I, the undersigned official veterinarian, certify that the above consignment of the laboratory rodent semen or ova or embryo is intended for scientific research and satisfies the following requirements:

1. The donor animals of the semen or ova or embryo are SPF animals and meet the following criteria:

- a) The donor animals were born and raised since births in the facility indicated and have remained isolated from animals not of equivalent health status. The donor animals have not been inoculated with any pathogens of infectious disease and parasites.
- b) During the 12 months prior to export, there has been no clinical or other evidence of rabies, leptospirosis, tularemia, monkey pox, plague, lymphocytic choriomeningitis virus, hemorrhagic fever with renal syndrome, hantavirus pulmonary syndrome and ectromelia or infectious agents in the facility.
- c) The facility meets the industry standards of SPF animals of the export country. Feeding control and sanitary control are carried out under the supervision of a veterinarian. Surveillance and examinations were conducted periodically in the facility to confirm the animals comply with the industry standards of SPF animals of the export country.
- d) Within the 24 hours prior to collection, the donor animals were examined clinically by an official veterinarian or accredited veterinarian and were found to be free from evidence of infectious and contagious disease.

2. The semen or ova or embryo was collected and handled in accordance with the recommendations of the manual of the International Embryo Transfer Society (IETS) and the standards of the World Organization for Animal Health (WOAH) and was packed, stored and sealed under the supervision of the veterinarian.

3. Each embryo (if applicable) was confirmed with an intact zona pellucida and free from adherent material by microscopic examination.

4. The container and vehicles used for semen or ova or embryo storing and transportation were disinfected with valid disinfectants.

This certificate is valid for 30 day(s) from the date of accredited veterinarian signature.
