Dear Liz and Sarah,</p> <p>Back in Nov 2022 we had an investigation opened with one of our export shipments to Belgium regarding racing homing pigeons. The birds were returned to the USA, and were forced to go through mandatory 30 days federal import quarantine and testing. The USDA employee here in SLC Utah that was also a party to this investigation retired shortly after this occurrence happened. The appointed Investigator from the USDA, named Thomas Jones, was the one appointed to oversee the collection of affidavits from parties involved in the case. I spoke with him today, and he informed me that he is no longer working in the investigations department.</p> <p>We were never provided a copy of the final report and findings of the investigation after it closed. Our accredited Vet, Dr. Kirk, also was never provided a copy of the final report.</p> <p>I was provided your contact information by the USDA animal import center, since this involves financial damages exceeding \$45,000. Please advise how we can get a report of the final findings and resolutions. Your attention to this matter is greatly appreciated.</p> <p>Sincerely,</p> <p>Daniel Hash Avian Export Services (Date Range for Record Search: From 08/01/2022 To 01/26/2026)</p>	01/26/2026
